- d) _____ % Management Fee per annum, calculated and paid monthly
- e) _____ % of the Performance Fee calculated and paid on a monthly basis.

This Trading Advisor may receive transaction based compensation in the form of rebates or commissions. The receipt of transaction-based compensation constitutes a conflict of interest as it may create an incentive for the Trading Advisor to trade the account more frequently in order to generate additional revenue.

Fees may be applied to a managed account only if the Trading Advisor has appropriate documentation on file with WorldWideMarkets Online Trading Limited.

WorldWideMarkets Online Trading Limited will hereby facilitate the above instructions without further direction or confirmation from the Trading Advisor or client, unless otherwise notified in writing. Notwithstanding the foregoing, if the Client requests a withdrawal and/or transfer from his/her account, and there are insufficient funds available to pay the Trading Advisor as a result of such request or other action taken by the client, the Client hereby agrees and understands that such request may not be processed for the full amount requested and agree that the client shall remain obligated to make payment to the Trading Advisor for any payments due pursuant to the agreement between the client and the Trading Advisor.

The “**Management Fee**” is calculated based upon the ending daily average account equity (which includes floating profit/loss), for the given period without regard to the ending daily average account equity for any other time period. The “**Performance Fee**” is calculated based upon the profit made for the given time period that exceeds the High Water Mark(s). For the purpose of this agreement, a “High Water Mark” is defined as the net new high for a given time period during the life of the account. The initial Benchmark will be based upon the current account equity (which includes all open and closed positions), as of the Effective Date of the agreement. Profit shall be determined by taking into consideration of the ending account equity on all trading activity (which includes all open and closed positions), during the given time period relative to previous net new highs set from previous Benchmark(s).

WorldWideMarkets Online Trading Limited shall not be held responsible or liable for any miscalculation or non-payment of said Fees for any reason whatsoever. This payment authorisation shall remain in effect until terminated in writing by undersigned.
